NEW MOBILE CART KIT FOR AdBlue® REFILLING

INTO CARS AND COMMERCIAL VEHICLES

MADE IN ITALY

PIUSI

EDGARD

Born from PIUSI experience into the AdBlue® refilling equipment, EDGARD is a **mobile system, battery powered,** expressly engineered to dispense **AdBlue® into cars and commercial vehicles.**

Practical and movable, it is specifically designed for all the service stations that need a **handy equipment for a guaranteed sale of AdBlue® by volume.**

EDGARD by PIUSI is simple to use, clean and easy to take wherever it is needed. The practical design avoid any possible overturn of the cannister during the dispensing procedure.

As the system is based on volumes, it has **no metric certification related costs** and **no reoccurring fees for homologation and maintenance.**

THE ADBLUE® BUTLER IN YOUR SERVICE STATION FOR A GUARANTEED SALE OF ADBLUE® BY VOLUME!
